

Vani Mohit - Biologist, Centre d'expertise en analyse environnementale du Québec (CEAEQ),

ministère de l'Environnement, de la Lutte contre les changements climatiques, de la Faune et des Parcs (MELCCFP)

Biologist at the CEAEQ for the past 4 years, her main mandate is to set up genetic tools to characterize organisms of interest to the ministry.

During her Ph.D. studies and postdoral position at Université Laval, she studied the diversity and functions of microbial communities and viruses in different types of aquatic ecosystems. She is now applying this expertise to enhance CEAEQ's range of analysis and enhance environmental monitoring undertaken by the ministry.

She is also grateful to be able to collaborate with academic researchers and supervise university students.
